

Multi Coating ConGuard+

**PRODUCT INFORMATION:**

Multi Coating ConGuard+ is a water and oil repellent impregnation, which is well suited for tiled bathrooms, toilets and kitchens, as well as slate, granite, marble, natural stone tiles and finer concrete surfaces. Multi Coating ConGuard+ can be used on new and old surfaces, indoors and outdoors. Multi Coating ConGuard+ changes little on the surface's structure, color or shine. Active protection against spills of coffee, red wine, oils and water.

AREAS OF USE:

Tiled bathrooms, toilets and kitchens. Slate, granite, marble, natural stone tiles.

INSTRUCTIONS FOR USE:

Multi Coating ConGuard+ is ready to use/apply and should not be thinned. The surface must be clean and dry. Must be shaken well before use.

The product is applied with a low-pressure sprayer/mop, roller or brush. Remove excess liquid after 10 -15 minutes, with a mop or lint-free cloth. Always test on a small area before full-scale application.

Gives a natural glow on natural stone. The product is preferably applied in two coats. The coats should then be applied wet into wet. Curing time of the impregnation is 24 hours and fully cured in 48 hours. Approximately 96% diffusion open. (i.e. that moisture escapes, but not in).

CONSUMPTION: 10-20 m²/L depending on absorption in the substrate.

PH VALUE: Concentrate: 6.5 - 7.5. PH

SAFETY:

MultiCoating ConGuard+ is a health & environmentally friendly product, but as a safety rule avoid contact with skin and eyes. Recommended use of gloves and protective glasses when applying.

Store the product in a safe manner and out of reach of children. In case of contact with skin, rinse with water. In case of contact with eyes, rinse with large amounts of water and consult a doctor.
